

OUR ORIGIN

The Religious Institute of the Little Sisters of St. Francis was born on 1st May 1923 in Nsambya – Kampala Uganda. (East Africa).

Mother Mary Kevin Kearney is our foundress. She was a Franciscan Missionary Sister from Ireland. She trusted in the Divine Providence of God. She was simple and took risks in venturing into new horizons.

She challenged her time by giving a profound evangelical response. Her urgency to spread the love of God, to share it with all the poorest and the most needy men and women led her to the elderly, deaf, blind, sick, lepers, orphans and the promotion of education of the girl child.

OUR LIFE

■ As Little Sisters of St. Francis, following in the footsteps of Mother Mary Kevin Kearney, our Foundress we embrace in our life the spirit of St. Francis of Assisi.

■ Faithful to the Spirit of Mother Mary Kevin Kearney we dedicate the best of our effort to evangelization, education and nurturing of the poor, the sick, the persons with disabilities and the marginalized.

"The torch of enlightenment can be kindled only by those who have vanquished the darkness, The brighter a light is at its source the farther it will shine"
(Mother Kevin; Love is the Answer)
